

1. Introduction

1.1 CCASS Services Available to Investor Participants

A. Stock Transfers

HKSCC provides book-entry stock transfer facilities to all Investor Participants inside the Central Clearing And Settlement System (CCASS). Stock transfers can be initiated by either Investor Participants or non-Investor Participants¹ as Investor Settlement Instructions (ISIs). There are two types of ISI:

- 1) ISI (With Affirmation) is initiated by non-Investor Participants and required affirmation by Investor Participants.
- 2) ISI (Without Affirmation) can be initiated by either Investor Participants or non-Investor Participants and affirmation is not required. Investor Participants who would like to initiate the ISI (Without Affirmation) must meet the following conditions:
 - i) This ISI must be a delivery instruction
 - ii) Must maintain a maximum of 3 counterparty's Participant IDs in the ISI (Without Affirmation) Counterparty List
 - iii) Instruction must be settled on a Free of Payment (FOP) basis.

A.1 Transfer service for Multi-counter Eligible Securities

HKSCC may accept instructions from Investor Participants for the transfer of Multi-counter Eligible Securities from one stock code of Multi-counter Eligible Securities of an Issuer to another stock code of Multi-counter Eligible Securities of the same Issuer provided that the securities concerned are of the same class.

B. Money Settlement

HKSCC acts as a facilitator of money settlement between Investor Participants and non-Investor Participants. Each Investor Participant has to designate a bank account for money settlement purpose. CCASS will generate Electronic Payment Instructions (EPIs), Direct Debit Instructions (DDIs), Direct Credit Instructions (DCIs) or Clearing House Automated Transfer System (CHATS) Payment Instructions via its banker to Hong Kong Interbank Clearing Limited for processing.

C. Deposit and Withdrawal of Physical Share Certificates

Share certificates registered in the name of the Investor Participant or HKSCC Nominees Limited are acceptable to HKSCC for deposit into CCASS. After successful re-registration, the shares are credited to the stock account of the Investor Participant and available for securities settlement inside CCASS. Investor Participants can also have the option to withdraw physical certificates against their credit stock balances.

D. Nominee Services

HKSCC provides comprehensive nominee services to Investor Participants in respect of their stock balances held in CCASS. These include dividend / bonus shares collection, subscription and voting.

For corporate actions that require Investor Participants to make decision, HKSCC will send reminders to Investor Participants to inform them of the corporate actions and deadlines for giving instructions to HKSCC.

Investor Participants who wish to elect to receive scrip entitlements in lieu of cash dividend payments in respect of all future dividend entitlements with scrip option for the entire holdings of the selective stock(s) or all stocks can give Standing Instructions to HKSCC by submitting a prescribed request form to Customer Service Centre.

E. Statements

On the day following the execution of a stock, nominee or money transaction, HKSCC will mail an activity statement to the Investor Participant. A monthly statement, detailing the money ledger and stock account movements for the month and balances of all stocks in the stock account, will also be sent. Investor Participants who have selected not to receive the statements by mail can view the statements via CCASS Internet System.

¹ Non-Investor Participants means Clearing, Custodian, Stock Lender or Stock Pledgee Participants

1.1 CCASS Services Available to Investor Participants**F. Corporate Communications**

Unless otherwise instructed by Investor Participants, HKSCC will arrange for the direct distribution of corporate communications, such as notices and annual reports, by listed issuers to Investor Participants.

G. Electronic Initial Public Offering (EIPO)

Investor Participants can apply and confirm for new issue shares electronically. Application monies will be debited from Investor Participants' designated bank accounts. Upon successful application and/or confirmation, if applicable, the allotted shares will be credited directly to the Investor Participants' stock accounts.

H. Tendering of Exchange Fund Notes (EFN), Government Bonds, Specified Instruments and/or CMU Instruments

Investor Participants are able to participate in the tendering for new EFN, Government Bonds, Specified Instruments and/or CMU Instruments via the Investor Account. EFN, Government Bonds, Specified Instruments and/or CMU Instruments will be settled through CCASS on a trade-for-trade basis when they are listed on the Stock Exchange of Hong Kong. Transfer of EFN, Government Bonds, Specified Instruments and/or CMU Instruments between Investor Participants and non-Investor Participants are done by means of ISIs while transfer of EFN, Government Bonds, Specified Instruments and/or CMU Instruments between Investor Participants and Recognised Dealers of Central Moneymarkets Unit are done by means of Transfer Instructions (TIs).

I. Short Message Services (SMS)

HKSCC provides Short Message Services (SMS) for sending reminder messages to Investor Participants who subscribe to the service. Reminder messages include:

- ISIs inputted by non-Investor Participants required affirmation
- settled ISIs
- announcement summary and deadline for dividend election and voting instructions
- EIPO (application) and tender announcements
- rejected transactions such as Direct Debit Instruction (DDI).

SMS is available within the local telecommunication network in Hong Kong only.

J. Disclosure of Shareholding Information

Through the "Participant Shareholding Report" service (PSH) to listed issuers and the "CCASS Shareholding Search" service to the public, the CCASS shareholding details, including the names, addresses, and shareholding information of Investor Participants will be disclosed to the service users if they have given HKSCC their prior written consent to such disclosure.

For Investor Participants who have not given consent to such disclosure, (i) their addresses will be concealed from the PSH reports; and (ii) their shareholding will only be aggregated and displayed as a consolidated total without any of their identities to be shown to the public.

K. Accessing CCASS via the Internet

Investor Participants will be able to access the Investor Account Service via the Internet. The Internet access facility will allow Investor Participants to obtain statements, view circulars, affirm and input ISIs, check account balances, enquire issuer announcements and participate in corporate activities, etc., in the comfort of their homes or anywhere in the world using a computer with an Internet connection.

1.2 Communicating with CCASS

1.2.1 CCASS Phone System

Investor Participants can input and affirm ISIs, issue instructions to CCASS and make enquiries about their stock accounts through the CCASS Phone System by using the touch-tone phones. Investor Participants can listen to the details and follow the instructions given by the Interactive Voice Response System (IVRS).

CCASS Phone Operations Hotline : ☎ 2979-7888 *for Investor Participants*
