

香港聯合交易所  
The Stock Exchange of Hong Kong

NEWS RELEASE

November 24, 1999

**GEM Information Pages**

Information on the Growth Enterprise Market (GEM) will be available on The Stock Exchange of Hong Kong information dissemination system from Thursday, November 25, 1999, when the new market starts trading.

As well as trading data of listed companies, investors can also access listing news, market data and equity financial information by referring to the GEM Information Page Index. Details of the information pages follow:

<i>Description</i>	<i>Page No.</i>
Stock Pages	8001 - 8399
GEM Listing News (English)	8401 - 8500
(Chinese)	8501 - 8600
GEM Equity Financial Information	8701 - 8730
Stock Borrowing & Lending Position	8731 - 8760
Newly Listed Stock Codes	8783
Turnover and Index of GEM (if available)	8788
GEM Teletext Information Page Index (Chinese)	8998
(English)	8999

The Chinese index page, and information pages on equity financial information as well as stock borrowing and lending positions will only be available on trading terminals/trader PCs and through all information vendors. Due to technical constraints, this information will not be disseminated through teletext terminals.

All of the above GEM information will also be released through its website (<http://www.hkgem.com>), including trading data of listed companies which will be released in a 60-minute delay.
