Attestation Report on Use of Proceeds from Climate Bond Issuance

To Bank of China Limited:

We were engaged by Bank of China Limited to provide limited assurance in the accompanying statements prepared by the management of Bank of China Limited with regard to the use of USD 500.00 million, EUR 700.00 million, and CNY 1,000.00 million proceeds raised from the Climate Bond issuance on 22 November 2017, and USD 1,000.00 million proceeds raised from the Climate Bond issuance on 7 June 2018, and JPY 30,000.00 million and CNY 800.00 million proceeds raised from the Climate Bond issuance on 29 November 2018 (the "Climate Bond") as of 31 December 2018 which comprise:

1. Statement on the proceeds raised from the issuance of Climate Bond as of 31 December 2018, as set out in Appendix A; and
2. Statement on the disbursements of the proceeds raised from the issuance of Climate Bond as of 31 December 2018, as set out in Appendix B.

Management's Responsibilities

Bank of China Limited's Management is responsible for the preparation of the statements relating to the use of proceeds from Climate Bond in accordance with the requirements from the *Green Bond Principles 2018* published by the International Capital Market Association (ICMA) and the *Climate Bonds Standard (Version 2.1)* published by Climate Bond Initiative (CBI); and to ensure the fair presentation, accuracy, completeness and validity of the information contained in the statements.

Our Responsibilities

Our responsibility is to express an opinion on the assertions based on our examination.

Our Independence and Quality Control

We have complied with the independence and other ethical requirements of the *Code of Ethics for Professional Accountants* issued by the International Ethics Standards Board for Accountants. We have complied with the quality control requirements of the *International Standard on Quality Control 1* issued by the International Auditing and Assurance Standards Board.

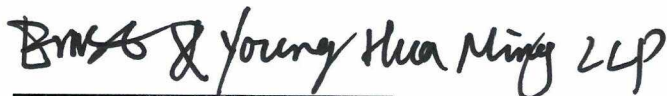

Standards and Limitations of Our Work

Our examination was conducted in accordance with the *International Standard on Assurance Engagements 3000 (Revised): Assurance Engagements Other Than Audits or Reviews of Historical Financial Information*, which requires us to plan and perform attestation procedures to obtain limited assurance as to whether the assertions are free from material misstatement.

Our examination included inquiries of relevant personnel, examining relevant management measures, examining relevant register maintained by the business department and performing other procedures as we considered necessary in the circumstances. Our procedures performed could provide us limited assurance, a level that is lower than the reasonable assurance. Since we have not performed procedures normally conducted in an attestation engagement which would provide a reasonable level of assurance, we do not express a reasonable assurance opinion.

Conclusion

Based on the limited assurance procedures performed and evidence obtained, nothing has come to our attention that causes us to believe that the assertions in the statements on the use of proceeds raised from the Climate Bond issuance in 2017 and 2018 at Bank of China Limited are materially misstated.
