

Hong Kong Exchanges and Clearing Limited and The Stock Exchange of Hong Kong Limited take no responsibility for the contents of this announcement, make no representation as to its accuracy or completeness and expressly disclaim any liability whatsoever for any loss howsoever arising from or in reliance upon the whole or any part of the contents of this announcement.

This announcement is for information purposes only and does not constitute an invitation or offer to acquire, purchase or subscribe for securities. This announcement does not constitute or form a part of any offer or solicitation to purchase or subscribe for securities in the United States. The securities have not been and will not be registered under the U.S. Securities Act of 1933, as amended (the “Securities Act”), or the securities laws of any state of the United States or any other jurisdiction, and may not be offered or sold within the United States except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act. Accordingly, the Notes (as defined below) are being offered and sold only outside the United States in offshore transactions in compliance with Regulation S under the Securities Act. This announcement and the information contained herein are not for distribution, directly or indirectly, in or into the United States. No public offer of the securities referred to herein is being or will be made in the United States.

This announcement and the listing document referred to herein have been published for information purposes only as required by the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited (the “Listing Rules”) and do not constitute an offer to sell nor a solicitation of an offer to buy any securities. Neither this announcement nor anything referred to herein (including the listing document) forms the basis for any contract or commitment whatsoever. For the avoidance of doubt, the publication of this announcement and the listing document referred to herein shall not be deemed to be an offer of securities made pursuant to a prospectus issued by or on behalf of the Issuer (as defined below) for the purposes of the Companies (Winding Up and Miscellaneous Provisions) Ordinance (Cap. 32) of Hong Kong nor shall it constitute an advertisement, invitation or document containing an invitation to the public to enter into or offer to enter into an agreement to acquire, dispose of, subscribe for or underwrite securities for the purposes of the Securities and Futures Ordinance (Cap. 571) of Hong Kong.

Notice to Hong Kong investors: The Issuer confirms that the Notes are intended for purchase by professional investors (as defined in Chapter 37 of the Listing Rules) only and have been listed on The Stock Exchange of Hong Kong Limited on that basis. Accordingly, the Issuer confirms that the Notes are not appropriate as an investment for retail investors in Hong Kong. Investors should carefully consider the risks involved.

This document is for distribution to professional investors (as defined in Chapter 37 of the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited) (“**Professional Investors**”) only.

Notice to Hong Kong investors: The Bank and the Issuer confirm that the Notes are intended for purchase by Professional Investors only and will be listed on The Stock Exchange of Hong Kong Limited (the “**SEHK**”) on that basis. Accordingly, the Bank and the Issuer confirm that the Notes are not appropriate as an investment for retail investors in Hong Kong. Investors should carefully consider the risks involved.

The SEHK has not reviewed the contents of this document, other than to ensure that the prescribed form disclaimer and responsibility statements, and a statement limiting distribution of this document to Professional Investors only have been reproduced in this document. Listing of the Programme and the Notes on the SEHK is not to be taken as an indication of the commercial merits or credit quality of the Programme, the Notes, the Issuer or the Bank, or the quality of disclosure in this document. Hong Kong Exchanges and Clearing Limited and the SEHK take no responsibility for the contents of this document, make no representation as to its accuracy or completeness and expressly disclaim any liability whatsoever for any loss howsoever arising from or in reliance upon the whole or any part of the contents of this document.

This document together with the Offering Circular includes particulars given in compliance with the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited for the purpose of giving information with regard to the Bank and the Issuer. The Bank and the Issuer accept full responsibility for the accuracy of the information contained in this document and confirm, having made all reasonable enquiries, that to the best of their knowledge and belief there are no other facts the omission of which would make any statement herein misleading.

PRIIPs REGULATION – PROHIBITION OF SALES TO EEA RETAIL INVESTORS – The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area (the “**EEA**”). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended, “**MiFID II**”); (ii) a customer within the meaning of Directive (EU) 2016/97 (the “**Insurance Distribution Directive**”), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II. Consequently, no key information document required by Regulation (EU) No 1286/2014 (as amended, the “**PRIIPs Regulation**”) for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.

UK PRIIPs REGULATION – PROHIBITION OF SALES TO UK RETAIL INVESTORS – The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the United Kingdom (the “**UK**”). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client, as defined in point (8) of Article 2 of Regulation (EU) No 2017/565 as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018 (the “**EUWA**”); or (ii) a customer within the meaning of the provisions of the Financial Services and Markets Act 2000 (the “**FSMA**”) and any rules or regulations made under the FSMA to implement the Insurance Distribution Directive, where that customer would not qualify as a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of domestic law by virtue of the EUWA. Consequently no key information document required by the PRIIPs Regulation as it forms part of

domestic law by virtue of the EUWA (the “**UK PRIIPs Regulation**”) for offering or selling the Notes or otherwise making them available to retail investors in the UK has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the UK may be unlawful under the UK PRIIPs Regulation.

In connection with Section 309B of the Securities and Futures Act (Chapter 289) of Singapore (the “**SFA**”) and the Securities and Futures (Capital Markets Products) Regulations 2018 of Singapore (the “**CMP Regulations 2018**”), the Issuer has determined, and hereby notifies all relevant persons (as defined in Section 309A(1) of the SFA), that the Notes are prescribed capital markets products (as defined in the CMP Regulations 2018) and are Excluded Investment Products (as defined in MAS Notice SFA 04-N12: Notice on the Sale of Investment Products and MAS Notice FAA-N16: Notice on Recommendation on Investment Products).

LISTING APPLICATION

This Pricing Supplement comprises the final terms required to list the issue of Notes described herein pursuant to the U.S.\$5,000,000,000 Medium Term Note Programme of Industrial Bank Co., Ltd.

STABILISATION

In connection with the issue of any Tranche of Notes, one or more of the Dealers named as Stabilisation Manager (or persons acting on behalf of any Stabilisation Manager(s)) in this Pricing

Supplement may over-allot Notes or effect transactions with a view to supporting the market price of the Notes at a level higher than that which might otherwise prevail. However, there is no obligation on the Stabilisation Manager(s) (or persons acting on behalf of any Stabilisation Manager) to do this. Such stabilisation if commenced may begin on or after the date on which adequate public disclosure of the terms of the offer of the relevant Tranche of Notes is made and, if begun, may be ended at any time, and must be brought to an end after a limited period. Such stabilisation shall be in compliance with all applicable laws, regulations and rules.

MATERIAL ADVERSE CHANGE STATEMENT

Except as disclosed in this document, there has been no significant change in the financial or trading position of the Issuer or of the Group since 31 December 2020 and no material adverse change in the financial position or prospects of the Issuer or of the Group since 31 December 2020.

RESPONSIBILITY

The Issuer accepts responsibility for the information contained in this Pricing Supplement.

Signed on behalf of the Issuer:

By: 

Duly authorised

SCHEDULE 1

The principal risk factors that may affect the ability of the Issuer to fulfil its obligations in respect of the Notes are discussed under "Risk Factors" in the Offering Circular. In addition, the section "Risk Factors" in the Offering Circular shall be supplemented with the following:

RISK FACTORS RELATED TO NOTES BEING ISSUED AS GREEN BONDS

The Notes may not be a suitable investment for all investors seeking exposure to green, blue or equivalently labelled assets.

The Issuer has on 26 October 2020 received from Sustainalytics an independent opinion (the "**Second Party Opinion**") confirming that the Green Bond Framework is in compliance with the Green Bond Principles 2018 (GBP 2018), the International Capital Market Association (the "**ICMA Green Bond Principles**"), the Guidelines for Establishing the Green Financial System (Yinfa 2016 Doc No. 228) (PBOC, MOF, NDRC, Ministry of Environmental Protection, CBIRC and CSRC) (the "**Guidelines for Establishing the Green Financial System**"), the Green Industries Guidance Catalogue 2019 (綠色產業指導目錄) (NDRC, Ministry of Industry and Information Technology, Ministry of Natural Resources, Ministry of Ecology and Environment, Ministry of Housing and Urban-Rural Development, PBOC and National Energy Administration) and the Catalogue of Projects Supported by Green Bonds (綠色債券支持項目錄) promulgated by PBOC on 15 December 2015 (the "**PBOC Green Bond Categories 2015**"). The ICMA Green Bond Principles, the Guidelines for Establishing the Green Financial System, the Green Industries Guidance Catalogue 2019 and the PBOC Green Bond Categories 2015 are sets of voluntary guidelines that recommend transparency and disclosure and promote integrity in the development of the green bonds market.

There is currently no market consensus on what precise attributes are required for a particular project to be defined as "blue", "green" or other equivalent label and, therefore, no assurance can be provided to potential investors that the relevant Eligible Green Assets (as defined in the section headed "Green Bond Framework" below) will continue to meet the relevant eligibility criteria. Although applicable blue, green or equivalently labelled projects are expected to be selected in accordance with the categories recognised by the ICMA Green Bond Principles, the Guidelines for Establishing the Green Financial System, the Green Industries Guidance Catalogue 2019 and the PBOC Green Bond Categories 2015 are expected to develop in accordance with applicable legislation and standards. There can be no guarantee that adverse environmental and/or social impacts will not occur during the design, construction, commissioning and/or operation of any such blue, green or equivalently labelled projects. Where any negative impact is insufficiently mitigated, blue, green or equivalently labelled projects may become controversial and/or may be criticised by activist groups or other stakeholders.

Potential investors should be aware that any Second Party Opinion will not be incorporated into, and will not form part of, this Offering Circular or the Pricing Supplement relating to the Notes. Any such Second Party Opinion may not reflect the potential impact of all risks related to the Notes, their marketability, trading price or liquidity, or any other factors that may affect the price or value of the Notes. Any such Second Party Opinion is not a recommendation to buy, sell or hold securities and is only valid as of its date of issue. Further, although the Issuer will use the net proceeds as described in "Use of Proceeds" above, it would not be an event of default under the Terms and Conditions of the Notes if (i) the Issuer were to fail to comply with such obligations or were to fail to use the proceeds in the manner specified in the relevant Pricing Supplement and/or (ii) the Second Party Opinion were to be withdrawn. Any failure to use the net proceeds of the Notes in connection with blue, green or equivalently-labelled projects, and/or any failure to meet, or to continue to meet, the investment requirements of certain environmentally focused investors with respect to the Notes may affect the value and/or trading price of the Notes, and/or may have consequences for certain investors with portfolio mandates to invest in blue, green or equivalently labelled assets.

None of the Issuer or the Managers make any representation as to the suitability for any purpose of any Second Party Opinion or whether the Notes fulfil the relevant environmental criteria. Each

potential purchaser of the Notes should determine for itself the relevance of the information contained in this Offering Circular and the Pricing Supplements relating to the Notes regarding the use of proceeds and its purchase of the Notes should be based upon such investigation as it deems necessary.

SCHEDULE 2

GREEN BOND FRAMEWORK

As a branch of the Bank, the Issuer has adopted the Green Bond Framework of the Bank.

The Bank first published its green bond framework in November 2018 and updated the green bond framework in October 2020 (the “**Green Bond Framework**”). The Green Bond Framework was published and updated in accordance with:

- i. the ICMA Green Bond Principles issued by the International Capital Market Association;
- ii. the Guidelines for Establishing the Green Financial System issued by the PBOC, the MOF, NDRC, the Ministry of Environmental Protection, the CBIRC and the CSRC;
- iii. the Green Industries Guidance Catalogue 2019 issued by the NRDC, the Minister of Industry and Information Technology, the Minister of Natural Resources, the Minister of Ecology and Environment, the Minister of Housing and Urban-Rural Development, the PBOC and the National Energy Administration; and
- iv. the PBOC Green Bond Categories 2015 issued by the PBOC.

The Green Bond Framework is publicly available on the global website of the Bank at: www.cib.com.cn. The Green Bond Framework contains the following categories of Eligible Green Assets (as defined below):

Eligible Green Assets Categories

The net proceeds of the issuance of any relevant green bond will be allocated to finance and refinance Eligible Green Assets in one or more of the following categories (the “**Eligible Green Assets**”):

- **Renewable energy:** the generation, maintenance and transmission of renewable energy, including wind, solar, tidal, biomass from agricultural wastes or kitchen wastes for municipal wastes and hydropower, and the manufacture of components of renewable energy technology;
- **Energy efficiency:** the implementation, construction, maintenance and corresponding development that enhance energy efficiency of the underlying technology, product, building, asset or system, and achieve a minimum energy efficiency improvement of 20%;
- **Low carbon and low emission transportation:** the construction, operation, maintenance and corresponding provision of services of electric or hydrogen-powered transportation assets, systems and infrastructure and the manufacture of electric transportation vehicles and components including electric rail, tram, metro, bus rapid transit, electric vehicles and hydrogen vehicles;
- **Sustainable water and wastewater management:** the construction, operation and maintenance of wastewater treatment projects, including wastewater pipe and treatment plant facilities, water recycling systems and water/rainwater collection pipes and facilities; the construction and maintenance of sustainable urban drainage systems, river training and other forms of flooding mitigation, including urban drainage systems, dams and levees; and
- **Sustainable marine economy, marine environmental protection and coastal climate change adoption:** the construction, operation, maintenance and retrofits of shipment and port pollution treatment facilities and sea water desalinisation facilities which are powered at least 90% by renewable energy and the construction, operation and maintenance of sustainable water infrastructure, including wastewater treatment, urban drainage systems,

river training and other forms of flooding mitigation for climate change adoption in coastal areas.

Asset Evaluation and Selection

The Bank will follow the procedures below to evaluate and select the Eligible Green Assets:

1. Preliminary Screening

Domestic and overseas branches of the Bank are responsible for a preliminary screening of potential assets in accordance with the criteria and standards set out in the Bank's internal regulations and the eligible green project categories as described above. The green finance product manager of each branch of the Bank, which conducts the preliminary screening, will receive specific training from the headquarters of the Bank on a periodic basis. Potential assets will be submitted to the headquarters of the Bank for review and approval.

2. Review and Approval

The Green Bond Working Group, which comprises green finance, environment and industry experts from the green finance department of the Bank's headquarters, will review all potential assets and determine their compliance with the Bank's internal regulation and the eligible green asset categories as described above, and form an eligible green asset list (the "**Eligible Green Asset List**"). The decision made by each expert of the Green Bond Working Group must be unanimous. Each expert enjoys a veto power to the final decision on the selection of any Eligible Green Assets.

3. Update and Maintenance

The Green Bond Working Group shall review the Eligible Green Asset List on a quarterly basis and determine if any changes are necessary (for example, if a project has amortised, been prepaid, sold or otherwise become ineligible). The Green Bond Working Group shall update the Eligible Green Asset List, including replacement, deletion or addition of projects.

Management of Proceeds

The Bank will allocate the net proceeds of the Notes to Eligible Green Assets across various domestic and overseas markets. The Bank has established an effective mechanism to manage the proceeds, ensuring that the proceeds of the Notes will be used to fund Eligible Green Assets.

1. Planning for Use of Proceeds

Prior to the issuance of the Notes, the Bank shall evaluate the recent and pipeline capital spending and develop a preliminary Eligible Green Asset List in accordance with the procedures described above to ensure that the proceeds of the Notes can be allocated to Eligible Green Assets in a timely manner.

2. Maintenance of Separate Ledger

The Bank shall establish a separate ledger (the "**Ledger**") to record the source and allocation of proceeds to ensure that all the net proceeds of the green bonds are used to fund Eligible Green Assets. The proceeds of each green bond issued by the Bank will be deposited in the general funding account and "earmarked" pending allocation.

The Ledger shall contain detailed information of the green bonds issued, including:

- details of green bond (including the ISIN and common code, the issue date, the maturity date, the issue amount, currency, the coupon rate);
- fund allocation (including the name of Eligible Green Assets, the name of the borrower, the asset description, the asset category, the initial balance, the remaining balance, the release date(s), the repayment date, and the interest rate of the loan); and
- amount and use of proceeds of unallocated funds.

The Bank will review and update the Ledger on a quarterly basis.

3. Use of Unallocated Proceeds

The Bank commits to reallocate any remaining balance of unallocated proceeds to newly nominated and approved Eligible Green Assets in a timely manner.

Unallocated proceeds will be held in accordance with the Bank's prudent liquidity management policy. The unallocated proceeds could be temporarily invested in green bonds issued by non-financial institutions in domestic or international markets, and in money market instruments with good credit rating and market liquidity, until they are allocated to Eligible Green Assets. The unallocated proceeds shall not be invested in energy intensive, highly polluting or greenhouse gas intensive projects.

Reporting

Use of Proceeds Reporting

The Bank has committed to publishing an "Annual Green Bond Report" annually until full allocation or upon any material change of Eligible Green Assets allocated. The Green Finance Department of the Bank will be responsible for preparing the Annual Green Bond Report and the Bank's senior management will review and approve such report.

Information will be provided on amounts equal to the net proceeds of each green bond issued and:

- (i) the aggregate amount and percentage allocated to various Eligible Green Asset categories;
- (ii) the remaining balance of unallocated funds and the types of temporary investment (if applicable); and
- (iii) description of significant Eligible Green Assets, defined as projects ranking in the top 10 per cent. in remaining balance of all Eligible Green Assets, or with remaining balance larger than RMB50 million, or with remaining balance larger than 10 per cent. of the outstanding balance of the green bond (subject to confidentiality disclosures).

Environmental Impact Reporting

Where possible, the Bank will report on the location of the environmental impact resulting from Eligible Green Assets.

Subject to the categories of Eligible Green Assets and the availability of information, the Bank aims to include, but not be limited to, the following impact indicators:

- **Renewable Energy:** Kilowatt hours ("kWh") of power generated from renewable energy and the amount of carbon dioxide or standard coal equivalent avoided;
- **Energy Efficiency:** kWh of energy saved per year and the percentage of annual energy saved;
- **Low carbon and low emission transportation:** amount of carbon dioxide or standard coal equivalent avoided, kilometres of track or dedicated lanes built (applicable to rail tram, metro and bus rapid transit systems), number of passengers transported (applicable to rail tram, metro and bus rapid transit systems), number of vehicles built or served (applicable to electric vehicles and hydrogen vehicles);
- **Sustainable water and wastewater management:** amount of water saved or recycled and amount of wastewater treated; and
- **Sustainable marine economy, marine environmental protection and coastal climate change adoption:** amount of water saved or recycled, amount of waste water treated,

sea water desalination capacity constructed, other types of pollution or waste treated (including but not limited to solid waste, dust or exhaust gas) and length of urban drainage systems, dams, levees and other forms of flooding mitigation constructed.

External Review

The Bank has engaged Sustainalytics to provide Second Party Opinions for alignment of the Green Bond Framework with the ICMA Green Bond Principles.

The Bank has engaged an independent third party to provide assurance or annual review report (the “**Assurance Report**”) on its Annual Green Bond Report which will provide information on allocation and impacts. The Assurance Report will be published on the Bank’s official global website, www.cib.com.cn, together with the Annual Green Bond Report.

SCHEDULE 3

DESCRIPTION ON INDUSTRIAL BANK CO., LTD. HONG KONG BRANCH'S 2021 "CARBON NEUTRALITY" THEMED GREEN BONDS

In accordance with the Green Bond Framework, the Bank will evaluate and select Eligible Green Assets, conduct management of the proceeds of the Notes being issued as green bonds (the "Green Bonds"), and make and keep readily information on the use of proceeds and the environmental performance of the Eligible Green Assets endorsed on its official website (www.cib.com.cn). See "Green Bond Framework" section above for more information.

Eligible Green Asset List

The Eligible Green Assets selected shall focus on low carbon sectors and will be used for eligible green projects with significant carbon emission reduction such as renewable energy and low carbon and low emission transportation, in contribution to achieving China's carbon neutrality goals.

Categories of eligible assets endorsed under the Green Bonds include:

- Low carbon and low emission transportation, including but not limited to the procurement of public buses powered by renewable energy, the construction of rail transit and the development of power battery dedicated for electric vehicles; and
- Renewable energy, including but not limited to the production of solar cell and manufacture of relevant equipment for solar energy, the manufacture of solar polysilicon and the development and construction of wind farm projects.

For the "Carbon Neutrality" Themed Green Bonds offering, the Bank reserved a total of RMB 6.3 billion of Eligible Green Assets in low carbon and low emission transportation and renewable energy asset categories. The Bank undertakes periodic review of the Eligible Green Asset List, as described in "Green Bond Framework - Asset Evaluation and Selection" above. The existing nominated projects may change in the future.

The following table sets forth the breakdown of nominated projects by categories and by project location:

This document is for distribution to professional investors (as defined in Chapter 37 of the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited) (“**Professional Investors**”) only.

Notice to Hong Kong investors: The Bank and the Issuer confirm that the Notes are intended for purchase by Professional Investors only and will be listed on The Stock Exchange of Hong Kong Limited (the “**SEHK**”) on that basis. Accordingly, the Bank and the Issuer confirm that the Notes are not appropriate as an investment for retail investors in Hong Kong. Investors should carefully consider the risks involved.

The SEHK has not reviewed the contents of this document, other than to ensure that the prescribed form disclaimer and responsibility statements, and a statement limiting distribution of this document to Professional Investors only have been reproduced in this document. Listing of the Programme and the Notes on the SEHK is not to be taken as an indication of the commercial merits or credit quality of the Programme, the Notes, the Issuer or the Bank, or the quality of disclosure in this document. Hong Kong Exchanges and Clearing Limited and the SEHK take no responsibility for the contents of this document, make no representation as to its accuracy or completeness and expressly disclaim any liability whatsoever for any loss howsoever arising from or in reliance upon the whole or any part of the contents of this document.

This document together with the Offering Circular includes particulars given in compliance with the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited for the purpose of giving information with regard to the Bank and the Issuer. The Bank and the Issuer accept full responsibility for the accuracy of the information contained in this document and confirm, having made all reasonable enquiries, that to the best of their knowledge and belief there are no other facts the omission of which would make any statement herein misleading.

PRIIPs REGULATION – PROHIBITION OF SALES TO EEA RETAIL INVESTORS – The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area (the “**EEA**”). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended, “**MiFID II**”); (ii) a customer within the meaning of Directive (EU) 2016/97 (the “**Insurance Distribution Directive**”), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II. Consequently, no key information document required by Regulation (EU) No 1286/2014 (as amended, the “**PRIIPs Regulation**”) for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.

UK PRIIPs REGULATION – PROHIBITION OF SALES TO UK RETAIL INVESTORS – The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the United Kingdom (the “**UK**”). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client, as defined in point (8) of Article 2 of Regulation (EU) No 2017/565 as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018 (the “**EUWA**”); or (ii) a customer within the meaning of the provisions of the Financial Services and Markets Act 2000 (the “**FSMA**”) and any rules or regulations made under the FSMA to implement the Insurance Distribution Directive, where that customer would not qualify as a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of domestic law by virtue of the EUWA. Consequently no key information document required by the PRIIPs Regulation as it forms part of

domestic law by virtue of the EUWA (the “**UK PRIIPs Regulation**”) for offering or selling the Notes or otherwise making them available to retail investors in the UK has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the UK may be unlawful under the UK PRIIPs Regulation.

In connection with Section 309B of the Securities and Futures Act (Chapter 289) of Singapore (the “**SFA**”) and the Securities and Futures (Capital Markets Products) Regulations 2018 of Singapore (the “**CMP Regulations 2018**”), the Issuer has determined, and hereby notifies all relevant persons (as defined in Section 309A(1) of the SFA), that the Notes are prescribed capital markets products (as defined in the CMP Regulations 2018) and are Excluded Investment Products (as defined in MAS Notice SFA 04-N12: Notice on the Sale of Investment Products and MAS Notice FAA-N16: Notice on Recommendation on Investment Products).

LISTING APPLICATION

This Pricing Supplement comprises the final terms required to list the issue of Notes described herein pursuant to the U.S.\$5,000,000,000 Medium Term Note Programme of Industrial Bank Co., Ltd.

STABILISATION

In connection with the issue of any Tranche of Notes, one or more of the Dealers named as Stabilisation Manager (or persons acting on behalf of any Stabilisation Manager(s)) in this Pricing Supplement may over-allot Notes or effect transactions with a view to supporting the market price of the Notes at a level higher than that which might otherwise prevail. However, there is no obligation on the Stabilisation Manager(s) (or persons acting on behalf of any Stabilisation Manager) to do this. Such stabilisation if commenced may begin on or after the date on which adequate public disclosure of the terms of the offer of the relevant Tranche of Notes is made and, if begun, may be ended at any time, and must be brought to an end after a limited period. Such stabilisation shall be in compliance with all applicable laws, regulations and rules.

MATERIAL ADVERSE CHANGE STATEMENT

Except as disclosed in this document, there has been no significant change in the financial or trading position of the Issuer or of the Group since 31 December 2020 and no material adverse change in the financial position or prospects of the Issuer or of the Group since 31 December 2020.

RESPONSIBILITY

The Issuer accepts responsibility for the information contained in this Pricing Supplement.

Signed on behalf of the Issuer:

By: 

Duly authorised

SCHEDULE 1

The principal risk factors that may affect the ability of the Issuer to fulfil its obligations in respect of the Notes are discussed under "Risk Factors" in the Offering Circular. In addition, the section "Risk Factors" in the Offering Circular shall be supplemented with the following:

RISK FACTORS RELATED TO NOTES BEING ISSUED AS GREEN BONDS

The Notes may not be a suitable investment for all investors seeking exposure to green, blue or equivalently labelled assets.

The Issuer has on 26 October 2020 received from Sustainalytics an independent opinion (the "**Second Party Opinion**") confirming that the Green Bond Framework is in compliance with the Green Bond Principles 2018 (GBP 2018), the International Capital Market Association (the "**ICMA Green Bond Principles**"), the Guidelines for Establishing the Green Financial System (Yinfa 2016 Doc No. 228) (PBOC, MOF, NDRC, Ministry of Environmental Protection, CBIRC and CSRC) (the "**Guidelines for Establishing the Green Financial System**"), the Green Industries Guidance Catalogue 2019 (綠色產業指導目錄) (NDRC, Ministry of Industry and Information Technology, Ministry of Natural Resources, Ministry of Ecology and Environment, Ministry of Housing and Urban-Rural Development, PBOC and National Energy Administration) and the Catalogue of Projects Supported by Green Bonds (綠色債券支持項目錄) promulgated by PBOC on 15 December 2015 (the "**PBOC Green Bond Categories 2015**"). The ICMA Green Bond Principles, the Guidelines for Establishing the Green Financial System, the Green Industries Guidance Catalogue 2019 and the PBOC Green Bond Categories 2015 are sets of voluntary guidelines that recommend transparency and disclosure and promote integrity in the development of the green bonds market.

There is currently no market consensus on what precise attributes are required for a particular project to be defined as "blue", "green" or other equivalent label and, therefore, no assurance can be provided to potential investors that the relevant Eligible Green Assets (as defined in the section headed "Green Bond Framework" below) will continue to meet the relevant eligibility criteria. Although applicable blue, green or equivalently labelled projects are expected to be selected in accordance with the categories recognised by the ICMA Green Bond Principles, the Guidelines for Establishing the Green Financial System, the Green Industries Guidance Catalogue 2019 and the PBOC Green Bond Categories 2015 are expected to develop in accordance with applicable legislation and standards. There can be no guarantee that adverse environmental and/or social impacts will not occur during the design, construction, commissioning and/or operation of any such blue, green or equivalently labelled projects. Where any negative impact is insufficiently mitigated, blue, green or equivalently labelled projects may become controversial and/or may be criticised by activist groups or other stakeholders.

Potential investors should be aware that any Second Party Opinion will not be incorporated into, and will not form part of, this Offering Circular or the Pricing Supplement relating to the Notes. Any such Second Party Opinion may not reflect the potential impact of all risks related to the Notes, their marketability, trading price or liquidity, or any other factors that may affect the price or value of the Notes. Any such Second Party Opinion is not a recommendation to buy, sell or hold securities and is only valid as of its date of issue. Further, although the Issuer will use the net proceeds as described in "Use of Proceeds" above, it would not be an event of default under the Terms and Conditions of the Notes if (i) the Issuer were to fail to comply with such obligations or were to fail to use the proceeds in the manner specified in the relevant Pricing Supplement and/or (ii) the Second Party Opinion were to be withdrawn. Any failure to use the net proceeds of the Notes in connection with blue, green or equivalently-labelled projects, and/or any failure to meet, or to continue to meet, the investment requirements of certain environmentally focused investors with respect to the Notes may affect the value and/or trading price of the Notes, and/or may have consequences for certain investors with portfolio mandates to invest in blue, green or equivalently labelled assets.

None of the Issuer or the Managers make any representation as to the suitability for any purpose of any Second Party Opinion or whether the Notes fulfil the relevant environmental criteria. Each

potential purchaser of the Notes should determine for itself the relevance of the information contained in this Offering Circular and the Pricing Supplements relating to the Notes regarding the use of proceeds and its purchase of the Notes should be based upon such investigation as it deems necessary.

SCHEDULE 2

GREEN BOND FRAMEWORK

As a branch of the Bank, the Issuer has adopted the Green Bond Framework of the Bank.

The Bank first published its green bond framework in November 2018 and updated the green bond framework in October 2020 (the “**Green Bond Framework**”). The Green Bond Framework was published and updated in accordance with:

- i. the ICMA Green Bond Principles issued by the International Capital Market Association;
- ii. the Guidelines for Establishing the Green Financial System issued by the PBOC, the MOF, NDRC, the Ministry of Environmental Protection, the CBIRC and the CSRC;
- iii. the Green Industries Guidance Catalogue 2019 issued by the NRDC, the Minister of Industry and Information Technology, the Minister of Natural Resources, the Minister of Ecology and Environment, the Minister of Housing and Urban-Rural Development, the PBOC and the National Energy Administration; and
- iv. the PBOC Green Bond Categories 2015 issued by the PBOC.

The Green Bond Framework is publicly available on the global website of the Bank at: www.cib.com.cn. The Green Bond Framework contains the following categories of Eligible Green Assets (as defined below):

Eligible Green Assets Categories

The net proceeds of the issuance of any relevant green bond will be allocated to finance and refinance Eligible Green Assets in one or more of the following categories (the “**Eligible Green Assets**”):

- **Renewable energy:** the generation, maintenance and transmission of renewable energy, including wind, solar, tidal, biomass from agricultural wastes or kitchen wastes for municipal wastes and hydropower, and the manufacture of components of renewable energy technology;
- **Energy efficiency:** the implementation, construction, maintenance and corresponding development that enhance energy efficiency of the underlying technology, product, building, asset or system, and achieve a minimum energy efficiency improvement of 20%;
- **Low carbon and low emission transportation:** the construction, operation, maintenance and corresponding provision of services of electric or hydrogen-powered transportation assets, systems and infrastructure and the manufacture of electric transportation vehicles and components including electric rail, tram, metro, bus rapid transit, electric vehicles and hydrogen vehicles;
- **Sustainable water and wastewater management:** the construction, operation and maintenance of wastewater treatment projects, including wastewater pipe and treatment plant facilities, water recycling systems and water/rainwater collection pipes and facilities; the construction and maintenance of sustainable urban drainage systems, river training and other forms of flooding mitigation, including urban drainage systems, dams and levees; and
- **Sustainable marine economy, marine environmental protection and coastal climate change adoption:** the construction, operation, maintenance and retrofits of shipment and port pollution treatment facilities and sea water desalinisation facilities which are powered at least 90% by renewable energy and the construction, operation and maintenance of sustainable water infrastructure, including wastewater treatment, urban drainage systems,

river training and other forms of flooding mitigation for climate change adoption in coastal areas.

Asset Evaluation and Selection

The Bank will follow the procedures below to evaluate and select the Eligible Green Assets:

1. Preliminary Screening

Domestic and overseas branches of the Bank are responsible for a preliminary screening of potential assets in accordance with the criteria and standards set out in the Bank's internal regulations and the eligible green project categories as described above. The green finance product manager of each branch of the Bank, which conducts the preliminary screening, will receive specific training from the headquarters of the Bank on a periodic basis. Potential assets will be submitted to the headquarters of the Bank for review and approval.

2. Review and Approval

The Green Bond Working Group, which comprises green finance, environment and industry experts from the green finance department of the Bank's headquarters, will review all potential assets and determine their compliance with the Bank's internal regulation and the eligible green asset categories as described above, and form an eligible green asset list (the "**Eligible Green Asset List**"). The decision made by each expert of the Green Bond Working Group must be unanimous. Each expert enjoys a veto power to the final decision on the selection of any Eligible Green Assets.

3. Update and Maintenance

The Green Bond Working Group shall review the Eligible Green Asset List on a quarterly basis and determine if any changes are necessary (for example, if a project has amortised, been prepaid, sold or otherwise become ineligible). The Green Bond Working Group shall update the Eligible Green Asset List, including replacement, deletion or addition of projects.

Management of Proceeds

The Bank will allocate the net proceeds of the Notes to Eligible Green Assets across various domestic and overseas markets. The Bank has established an effective mechanism to manage the proceeds, ensuring that the proceeds of the Notes will be used to fund Eligible Green Assets.

1. Planning for Use of Proceeds

Prior to the issuance of the Notes, the Bank shall evaluate the recent and pipeline capital spending and develop a preliminary Eligible Green Asset List in accordance with the procedures described above to ensure that the proceeds of the Notes can be allocated to Eligible Green Assets in a timely manner.

2. Maintenance of Separate Ledger

The Bank shall establish a separate ledger (the "**Ledger**") to record the source and allocation of proceeds to ensure that all the net proceeds of the green bonds are used to fund Eligible Green Assets. The proceeds of each green bond issued by the Bank will be deposited in the general funding account and "earmarked" pending allocation.

The Ledger shall contain detailed information of the green bonds issued, including:

- details of green bond (including the ISIN and common code, the issue date, the maturity date, the issue amount, currency, the coupon rate);
- fund allocation (including the name of Eligible Green Assets, the name of the borrower, the asset description, the asset category, the initial balance, the remaining balance, the release date(s), the repayment date, and the interest rate of the loan); and
- amount and use of proceeds of unallocated funds.

The Bank will review and update the Ledger on a quarterly basis.

3. Use of Unallocated Proceeds

The Bank commits to reallocate any remaining balance of unallocated proceeds to newly nominated and approved Eligible Green Assets in a timely manner.

Unallocated proceeds will be held in accordance with the Bank's prudent liquidity management policy. The unallocated proceeds could be temporarily invested in green bonds issued by non-financial institutions in domestic or international markets, and in money market instruments with good credit rating and market liquidity, until they are allocated to Eligible Green Assets. The unallocated proceeds shall not be invested in energy intensive, highly polluting or greenhouse gas intensive projects.

Reporting

Use of Proceeds Reporting

The Bank has committed to publishing an "Annual Green Bond Report" annually until full allocation or upon any material change of Eligible Green Assets allocated. The Green Finance Department of the Bank will be responsible for preparing the Annual Green Bond Report and the Bank's senior management will review and approve such report.

Information will be provided on amounts equal to the net proceeds of each green bond issued and:

- (i) the aggregate amount and percentage allocated to various Eligible Green Asset categories;
- (ii) the remaining balance of unallocated funds and the types of temporary investment (if applicable); and
- (iii) description of significant Eligible Green Assets, defined as projects ranking in the top 10 per cent. in remaining balance of all Eligible Green Assets, or with remaining balance larger than RMB50 million, or with remaining balance larger than 10 per cent. of the outstanding balance of the green bond (subject to confidentiality disclosures).

Environmental Impact Reporting

Where possible, the Bank will report on the location of the environmental impact resulting from Eligible Green Assets.

Subject to the categories of Eligible Green Assets and the availability of information, the Bank aims to include, but not be limited to, the following impact indicators:

- **Renewable Energy:** Kilowatt hours ("kWh") of power generated from renewable energy and the amount of carbon dioxide or standard coal equivalent avoided;
- **Energy Efficiency:** kWh of energy saved per year and the percentage of annual energy saved;
- **Low carbon and low emission transportation:** amount of carbon dioxide or standard coal equivalent avoided, kilometres of track or dedicated lanes built (applicable to rail tram, metro and bus rapid transit systems), number of passengers transported (applicable to rail tram, metro and bus rapid transit systems), number of vehicles built or served (applicable to electric vehicles and hydrogen vehicles);
- **Sustainable water and wastewater management:** amount of water saved or recycled and amount of wastewater treated; and
- **Sustainable marine economy, marine environmental protection and coastal climate change adoption:** amount of water saved or recycled, amount of waste water treated,

sea water desalination capacity constructed, other types of pollution or waste treated (including but not limited to solid waste, dust or exhaust gas) and length of urban drainage systems, dams, levees and other forms of flooding mitigation constructed.

External Review

The Bank has engaged Sustainalytics to provide Second Party Opinions for alignment of the Green Bond Framework with the ICMA Green Bond Principles.

The Bank has engaged an independent third party to provide assurance or annual review report (the “**Assurance Report**”) on its Annual Green Bond Report which will provide information on allocation and impacts. The Assurance Report will be published on the Bank’s official global website, www.cib.com.cn, together with the Annual Green Bond Report.

SCHEDULE 3**DESCRIPTION ON INDUSTRIAL BANK CO., LTD. HONG KONG BRANCH'S 2021 "CARBON NEUTRALITY" THEMED GREEN BONDS**

In accordance with the Green Bond Framework, the Bank will evaluate and select Eligible Green Assets, conduct management of the proceeds of the Notes being issued as green bonds (the "**Green Bonds**"), and make and keep readily information on the use of proceeds and the environmental performance of the Eligible Green Assets endorsed on its official website (www.cib.com.cn). See "*Green Bond Framework*" section above for more information.

Eligible Green Asset List

The Eligible Green Assets selected shall focus on low carbon sectors and will be used for eligible green projects with significant carbon emission reduction such as renewable energy and low carbon and low emission transportation, in contribution to achieving China's carbon neutrality goals.

Categories of eligible assets endorsed under the Green Bonds include:

- Low carbon and low emission transportation, including but not limited to the procurement of public buses powered by renewable energy, the construction of rail transit and the development of power battery dedicated for electric vehicles; and
- Renewable energy, including but not limited to the production of solar cell and manufacture of relevant equipment for solar energy, the manufacture of solar polysilicon and the development and construction of wind farm projects.

For the "Carbon Neutrality" Themed Green Bonds offering, the Bank reserved a total of RMB 6.3 billion of Eligible Green Assets in low carbon and low emission transportation and renewable energy asset categories. The Bank undertakes periodic review of the Eligible Green Asset List, as described in "*Green Bond Framework - Asset Evaluation and Selection*" above. The existing nominated projects may change in the future.
