## 通告 CIRCULAR

事項 **Exchange Participants' Preparation for After-Hours Futures Trading (AHFT)**  
Subject: **and Launch of AHFT Web Corner**

查詢

Enquiry: **HKATS Hotline 2211 6360**

Reference is made to the circular DMD/165/11 dated 15 December 2011. In order to facilitate Exchange Participants (EPs) to prepare for the After-Hours Futures Trading (AHFT), Hong Kong Exchanges and Clearing Limited (HKEx) has launched a designated AHFT web corner at [http://www.hkex.com.hk/eng/market/dv\\_tradfinfo/ahft.htm](http://www.hkex.com.hk/eng/market/dv_tradfinfo/ahft.htm). HKEx has centralized and posted relevant reference materials, including an Information Paper that illustrates detailed AHFT business and operating model, briefing materials, all relevant circulars, technical documentations, consultation paper and conclusions in this AHFT web corner.

### **CLICK Trade XT Users**

As a preparation of AHFT launch, EPs using CLICK Trade XT are required to install a new CLICK Trade software in their workstations. The new software will be tested and provided by HKEx in Q3 2012. Details will be provided in mid-2012.

### **OAPI Users**

On the other hand, all EPs using HKATS OAPI programs are required to update their OAPI program(s) by adapting a new OAPI header file for AHFT, with the following arrangements:

#### **EPs participating AHFT**

1. Send an email to [ClickSupport@hkex.com.hk](mailto:ClickSupport@hkex.com.hk) and request for the new header file and the password to unzip the OAPI related documents
2. Develop their OAPI program for AHFT according to the OAPI specification and highlighted changes
3. Re-compile their OAPI program with the new header file and test it in the HKATS OAPI testing environment for AHFT, which will be available in March 2012
4. Complete the certification test with HKEx in Q3 2012. Application form for certification test is attached in Attachment 1
5. Use the certified OAPI program to participate in the AHFT Market Rehearsals in Q3 2012
