通告 CIRCULAR

Subject: Inline Warrants – Joint HKEX / Issuer Seminars

Enquiry: Mr. Edmond KL Wong: 2211-6743

Ms. Shirley Tsou 2840-3837

HKEX is the first exchange in Asia to launch Inline Warrants, introducing a new investment strategy for generating returns during periods of low-volatility.

Inline Warrants are a new type of structured product on HKEX. Investors will receive HK\$1 if the price of the underlying asset or index stays at or within the Upper and Lower Strikes at expiry (In-the-Range), or HK\$0.25 when the underlying price falls outside the Upper and Lower Strikes (Out-of-the-Range). Inline Warrants allow investors to invest with confidence with the maximum profit and loss certain at the time of investment.

Join us in the **Joint HKEX / Issuers Seminars** to discover how this new structured product works.

Date	Presenters
17 July 2019 (Wed)	Mr. Keith Chan, Societe Generale (Managing Director, Head of Cross Asset Listed Distribution, Asia Pacific)
