THE STOCK EXCHANGE OF HONG KONG LIMITED

(A wholly-owned subsidiary of Hong Kong Exchanges and Clearing Limited)

通告 CIRCULAR

Subject: **Renewal of China Connect Central Gateway (CCCG) RSA Public Key**

Enquiry: **Participant General Enquiry Hotline¹ (Tel: 2840 3626 E-mail: trd@hkex.com.hk)**

China Connect Exchange Participants (CCEPs) are requested to note that, for security reason, HKEX will regularly renew the RSA public key for CCEPs to encrypt the password used to logon to CCCG session(s). As such, HKEX is going to schedule the **renewal of the CCCG RSA public key** in upcoming months on CCCG End-to-End (E2E) testing environment first and then to the CCCG production environment.

To reduce operational impact to CCEPs, a transitional period is arranged. During the transitional period, both the old and new RSA public key are allowed to use for encryption of CCCG session logon password. **After the transitional period, only new RSA public key is allowed to use.** CCEPs are requested to prepare and take action to renew the CCCG RSA public key for all CCCG sessions in both E2E testing and production environments during the respective transitional periods.

HKEX will distribute the new CCCG RSA public key to all CCEPs via Electronic Communication Platform ("[ECP](#)"). CCEPs can use production user ID with "TO" user group (i.e. user ID of MXXXXXTXXXX) and production password to get the new CCCG RSA public key.

Below is the summary of RSA public key renewal schedule of E2E testing environment. HKEX will announce the exact renewal schedule of the production environment in due course.

¹ All calls to and from the Participant General Enquiry Hotline may be recorded. HKEX Privacy Policy Statement is available [here](#).

RSA public key renewal schedule:

Details	CCCG Environment	
	End-to-End Testing	Production
Download new RSA Public Key from ECP	28 January 2022 onwards	Mid-March 2022
Transitional Period allows to use old and new CCCG RSA Public Key	8 February to 4 March 2022	Mid-March to Mid-April 2022
Use new CCCG RSA Public Key only	7 March 2022 onwards	After mid-April 2022
