## **1. *Logon and Logoff***

---

This section explains –

- 1) function description,
- 2) function available time, and
- 3) the procedures for connecting to and dis-connecting from Portal (i.e. **logon** and **logoff** the Web Portal).

### **1.1. *Function Description***

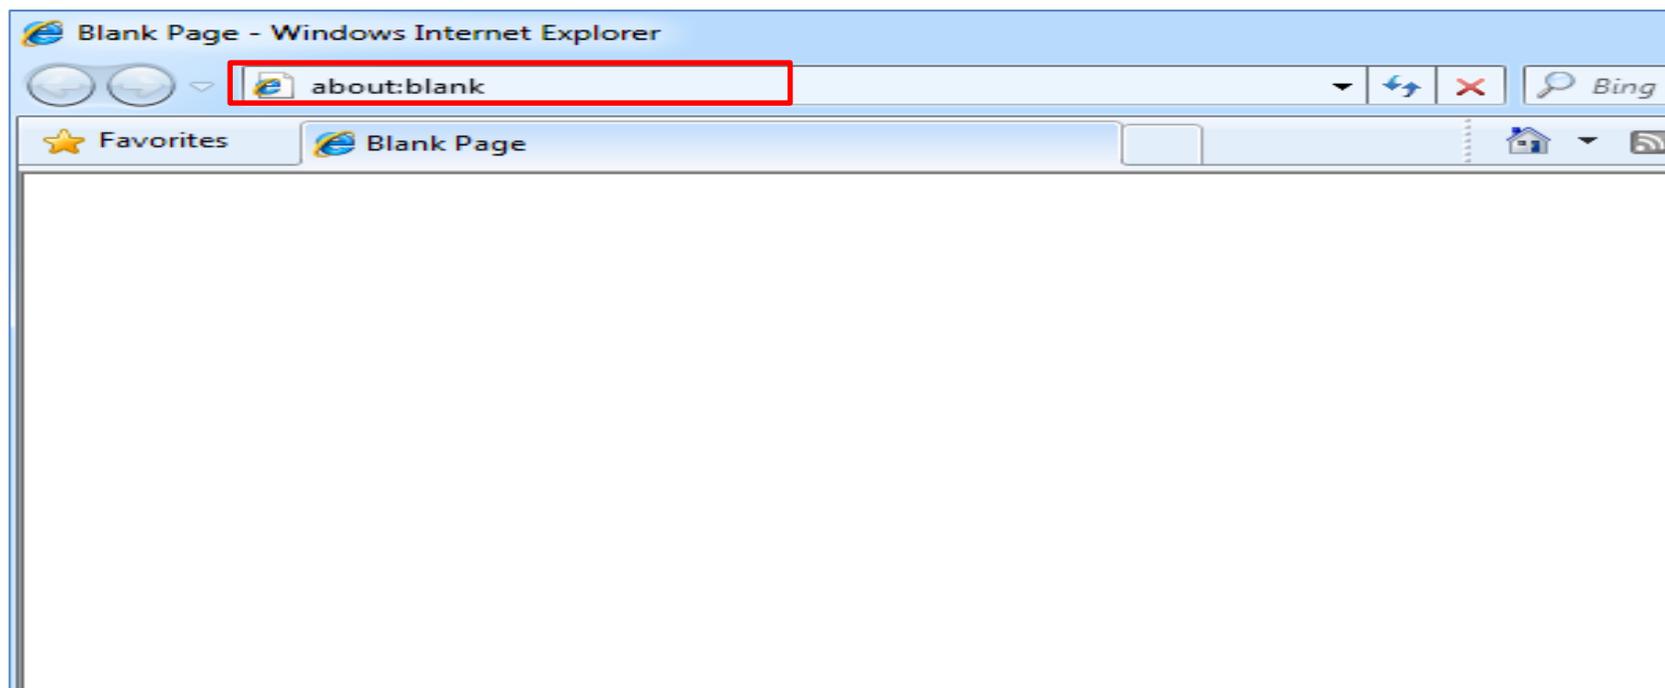

To calculate settlement limit utilization in response to input by Clearing Members

### **1.2. *Function Available Time***

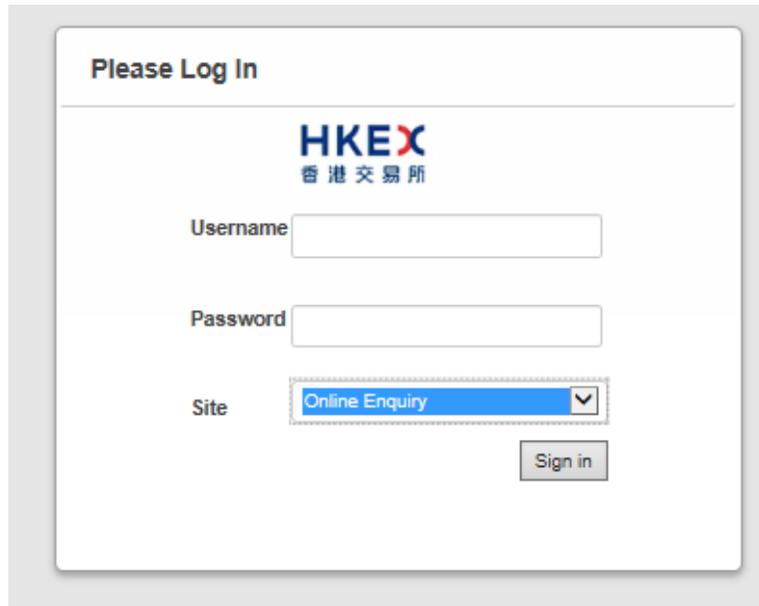

7:30 a.m. to 11:00 p.m. except during the EOD process between 7:30 p.m. to 10:00 p.m., every OTC Clear Clearing Day

**1.3. Portal Logon**

1. Launch Internet Explorer
2. Type Portal URL [<https://www.otcclearinghk.com/OnlineEnquiry>] into the box next to the address field and press Enter key in the keyboard

3. The following login screen will be displayed.

The screenshot shows a login form with the following elements:

- Title: Please Log In
- Logo: HKEX 香港交易所
- Username: A text input field.
- Password: A text input field.
- Site: A dropdown menu with "Online Enquiry" selected.
- Sign in: A button.

4. Input OASIS User login ID and password, then click **Sign in**

Please Log In

**HKEX**

Details of field description is shown below:

Field	Descriptions
Portfolio	Showing the Clearing Member ID of the portfolio
Date	The date of settlement limit applies
Holiday	Provide information if that day will hit the holiday of the enquired currency pair.

	<p>Any exposures falling into holiday will be highlighted in red to alert users.</p> <p>N.B. OTC Clear can only indicate the holiday on best effort basis as many countries are not announcing forward-dated holidays officially in advance.</p>
<b>USD Exposure</b>	<p>The net settlement exposure for USD (including cleared transactions and additional trades simulated on screen)</p> <p><i>Negative Value</i> – Clearing Members pay netted principal amount to OTC Clear</p> <p><i>Positive Value</i> – Clearing Members receive netted principal amount from OTC Clear</p>
<b>USD Limit</b>	The USD daily settlement limit offered to Clearing Member for the enquired currency pair
<b>Max USD Payment Amount Available</b>	The maximum payment amount of USD for additional trades to be executed
<b>CNH exposure (or HKD exposure for USD/HKD limit enquiry)</b>	<p>The net settlement exposure for CNH (or HKD) (including cleared transactions and additional trades simulated on screen)</p> <p><i>Negative Value</i> – Clearing Members pay netted principal amount to OTC Clear</p> <p><i>Positive Value</i> – Clearing Members receive netted principal amount from OTC Clear</p>
<b>CNH Limit (or HKD Limit for USD/HKD limit enquiry)</b>	The CNH (or HKD) daily settlement limit offered to Clearing Member
<b>Max CNH Payment Amount Available (or Max HKD Payment Amount Available for USD/HKD limit enquiry)</b>	The maximum payment amount of CNH (or HKD) for additional trades to be executed

### **3.2. Display of Settlement Limit Utilization Information**

#### *Date Selection in the Content Area:*

- (1) When an enquiry is made, the content area will provide the settlement limit utilization information from today (Date of enquiry) to the next 4 working days from Date of enquiry. Then the data will be recurring for anniversary dates of the Date of enquiry and their corresponding next 4 working days up till 10<sup>th</sup> year from the enquiry date.

In short, there are total (5x10) 50 rows after the loading of . The dashboard has picked those dates as traders (CCS) often negotiate on annualized term and the dashboard can provide banks immediately view of the limit utilization for the start date and the termination date of the executed CCS.

Input of trade to obtain settlement limit information out of the standard 5x10 dashboard

Display of additional dates' limit utilization in addition to the 5x10 dashboard

**Alert of limit breach:**

Whenever a limit breach is found during simulation, an alert message will be shown in the top row of the content area in red colour. Also, the particular limit breach amount will also be highlighted in red so that user can easier identify any limit breach during simulation.
