Dear Sirs,

Testing schedule for promotion of Issuer Information feed servers at Tseung Kwan O data center (TKODC) to primary server

Following the successful completion of the relocation of HKEx’s Securities and Derivatives Data Centre to the Tseung Kwan O Data Centre (TKODC) by May 2013, TKODC will become the primary site of the Issuer Information feed (IIS) effective from **14 July 2013 (Sunday)**.

The relocation of the IIS primary site to TKODC will proceed with the activities set out in the table below:

Primary Site	Secondary Site	Market Rehearsal (MR) and Post Release Test (PRT) Schedule	Effective Production Date
Quarry Bay	TKODC (Tseng Kwan O)	-	Current Setup
TKODC (Tseng Kwan O)	Quarry Bay	MR: 29 June 2013 (Saturday) PRT: 13 July 2013 (Saturday)	14 July 2013 (Sunday)

The IP addresses of the primary and the secondary IIS will be changed upon the relocation and we will send out your updated Vendor Configuration Information sheet in a separate email later this week. Please note that the MR scheduled for 29 June 2013 is mandatory for all direct connection IIS vendors so as to ensure smooth transition for both HKEx and the IIS vendors. Test rundown of the MR will be provided in due course.
