Dear Sirs,

**Regular Site Failover Rehearsal for Market Data Systems on 8 July 2017**

Please be advised that a regular market rehearsal for system recovery under emergency situations ("the Rehearsal") for HKEX's market data systems including HKEX Orion Market Data Platform (OMD) for both Securities Market (OMD-C) and Derivatives Market (OMD-D); and Issuer Information Feed Service (IIS) will be conducted on **Saturday, 8 July 2017**.

The objective of the Rehearsal is to enable Clients to familiarise themselves with the contingency procedures for site failover of HKEX's market data systems. The Rehearsal will also cover the site failover of the trading and clearing systems of HKEX including AMS/3, CSC, HKATS, CCASS, DCASS / CCMS, and OCASS.

Direct Connection Clients of OMD-C (including those connected via the Mainland Market Data Hub, i.e. MMDH), OMD-D and IIS are cordially invited to participate in the Rehearsal to ensure that their operating procedure and contingency arrangement are well in place to deal with the emergency situations. The test rundown of the Rehearsal will be provided to the participating clients in due course.

To confirm your participation in the Rehearsal, please complete and return the **Online Test Participation Form** through [this link](#) on or before 19 June 2017 (Monday).
