## **Market Rehearsal for Network Upgrade for Mainland Market Data Hub (“MMDH”)**

To ensure the robustness and stability of our infrastructure for MMDH, HKEX plans to upgrade the network equipment of MMDH (“Upgrade”). This Upgrade is transparent to Clients as it will not introduce any interface change in MMDH and will not require any change of network connectivity configuration at client side. Although this Upgrade is transparent to Clients, to ensure the proper connectivity setup between Clients and HKEX after the Upgrade, all direct connection Clients are **mandatory** to participate in the Market Rehearsal (MR) scheduled for **17 September 2022 (Saturday)**.

The rundown of the MR is enclosed for your reference. Please complete the [Online Test Participation Form](#) for the MR on or before 2 September 2022 (Friday).

Subject to the successful completion of the MR, the Upgrade is planned to be rollout in early Q4 2022. Details and rollout arrangement will be further provided at the appropriate time.
