Post Release Tests for Network Upgrade for Mainland Market Data Hub (“MMDH”)

With reference to our client notice issued on 24 August 2022 (Ref: [MDD/22/564](#)) for the network upgrade for MMDH (“Upgrade”), following the successful completion of Market Rehearsal on 17 September 2022, the implementation of the Upgrade will be arranged as below:

Activity	Schedule	Participation (Direct Connection Clients)
Post Release Test (“PRT”) Phase 1	26 November 2022 (Saturday) 09:00 – 12:30	Mandatory for all MMDH Clients
PRT Phase 2	Tentatively in December 2022	Mandatory for all MMDH Clients

The Upgrade will be implemented in both MMDH primary site and secondary (DR) site in two phases. The PRT Phase 1 is mainly for the connectivity test to the MMDH primary site while the PRT Phase 2 is mainly for the MMDH DR site after the Upgrade. Although the Upgrade is functionally transparent to Clients, all direct connection Clients are **mandatory** to participate in the PRTs to ensure proper connectivity setup between Clients and HKEX after the Upgrade.

The rundown of the PRT Phase 1 is enclosed for your reference. Please complete the [Online Test Participation Form](#) for the PRT Phase 1 on or before **11 November 2022 (Friday)**. The confirmed schedule and rundown for the PRT Phase 2 will be further provided in due course.
