**New Minimum Bandwidth Requirement for HKEX Orion Market Data Platform –
Derivatives Market (OMD-D) Derivatives Premium (DP) and FullTick (DF) Datafeeds
Effective from 19 June 2023**

With reference to our Client Notices issued on 24 February 2023 (Ref: [MDD/23/102](#)) and 4 May 2023 (Ref: [MDD/23/316](#)), following the successful completion of Market Rehearsals on 27 May 2023 and 3 June 2023, the new minimum bandwidth requirement for DP and DF datafeeds will be effective from **19 June 2023 (Monday)** (“Effective Day”).

An optional Post Release Test (“PRT”) is scheduled for 17 June 2023 (Saturday) and all direct connection DP and DF are recommended to participate in the PRT to ensure their systems connecting to OMD-D normally after the bandwidth increase in DP and DF. To confirm your participation in PRT, please submit the [Online Test Participation Form](#) **on or before 9 June 2023**. The test rundown of PRT will be provided to participating clients by 12 June 2023.

Indirect connection clients should liaise closely with their feed providing vendors or application service providers for all necessary arrangements to ensure their readiness for the bandwidth increase before the Effective Day.
