Arrangement in HKEX Orion Market Data Platform – Derivatives Market (OMD-D) for Planning to Extend the After-Hours Trading ("AHT") Session in Derivatives Market

With reference to the enclosed Exchange Circular (Ref: MO/DT/234/26), Hong Kong Futures Exchange Limited plans to extend the closing time of the After-Hours Trading ("AHT") Session from 3:00 a.m. to 4:15 a.m. Hong Kong Time ("HKT") in March 2027 subject to regulatory approval. Subject to market development after the proposed extension and regulatory approval, the AHT closing time may be further extended to 5:15 a.m. HKT in November 2027.

The proposed extensions intend to cover all products available for trading during the AHT Session. To support the extended AHT trading hours, the advised system connection time to OMD-D will be changed from the current 6:00 a.m. to **7:30 a.m.** and there is no other functional interface change in OMD-D.

Enclosed are the updated OMD-D Interface Specification (version 1.50) and OMD-D Developers Guide (version 1.29) for the updates on the advised system connection time to OMD-D. All changes are summarised in the change history and highlighted with "|" in the left margin of the documents.

For details, please refer to the enclosed relevant Exchange Circular (Ref: MO/DT/234/26). Further implementation arrangements will be announced in due course.
