### **Important Notes to Clients:**

1. Vendors please refer to your “VENDOR CONFIGURATION INFORMATION – PRODUCTION” and “VENDOR CONFIGURATION INFORMATION – PRODUCTION - DR” information sheets for your IIS connection configuration details
2. For fault reporting, please call our Vendor Support Hotline at **(852) 2211 6558** during the test session / **(852) 9183 8966** out of the test session.
3. All messages disseminated during the testing period should be treated as non-production data and have to be cleaned up afterwards.
4. Contingency Arrangements upon issuance of Typhoon and/or Rainstorm Warning Signal on the day of the test:
  - a. In case Typhoon Signal No. 8 or above and / or Black Rainstorm Warning is issued or continues to be issued after 07:00 on the test day, the test will be cancelled and will not be resumed for the rest of the day.
  - b. In case Typhoon Signal No. 8 or above is issued after 09:00 on the test day, the test will be terminated 15 minutes thereafter.
  - c. In case Black Rainstorm Warning is issued after 09:00 on the test day, the test will continue until completion.
  - d. In any case, all participating Vendors should complete the appropriate day-end works including file / database backup, system restoration / fallback and etc before, during and / or after the test.
