Market Making

The Exchange now invites applications for market maker permits. Interested parties should contact Mr. Alan Shum (AlanShum@hkex.com.hk) and Ms. Emily Huang (EmilyHuang@hkex.com.hk) for details.

During the first week (i.e. between 6 March 2023 and 10 March 2023, both days inclusive), the market making obligations, in terms of the maximum bid / ask spread, will be two times of the original obligations.

Pre-launch Arrangements

The following pre-launch arrangements will be implemented on **Friday, 3 March 2023** (i.e. one business day before the Commencement Date):

- option series of the new stock option classes will be displayed, but not tradable; and
- the risk parameter files ("RPF"), clearing and open interest reports on new stock option classes will be generated.

The purpose of the generation of RPF one business day before the Commencement Date is to assist Participants in estimating the margin requirements for the new stock option class trading on the Commencement Date.

Please note that the margin requirements estimated using the RPF available after the settlement process on the business day before the Commencement Date may not be the same as the actual amounts required on the Commencement Date. HKEX and its subsidiaries accept no liability whatsoever for any loss or damage arising from or in connection with the use of the information contained in such RPF. Participants who wish to use the above-mentioned RPF are reminded to update the PC-SPAN Organisation Master File. For details, please refer to the relevant Clearing House circular to be issued in due course.

Trading Information

The access codes of information vendors will be posted on the HKEX website in due course.

Inform Staff and Clients

Please notify all interested clients about the introduction of new stock options and **pay attention that the contract sizes will be in multiple board lots of the underlying stock.** Please ensure that your back office systems are operationally ready. In addition, all your staff should be fully aware of the above and should exercise caution when dealing with new stock option contracts, and when advising your clients.

Investors should also be aware that some stock options have market makers signed up while others do not. Availability of market makers, depending on their sign-up, may also change from time to time. The availability of market makers will be updated on the [HKEX website](#) from time to time. Investors should exercise due caution in trading stock options without market makers and understand the liquidity risk involved. They would have to trade against other investors with opposite views when they open or close their stock options positions.
