Arrangement of HKEX Orion Market Data Platform – Securities Market (OMD-C) and Mainland Market Data Hub (MMDH) for Trading Arrangements of Structured Products Linked to Hang Seng Indices in the event of Index Level Dissemination Failure

With reference to the enclosed Exchange Circular from the Stock Exchange of Hong Kong Limited (“SEHK”) (Ref: [SPD/003/2024](#)), the trading arrangements for structured products¹ linked to Hang Seng Indices² in the event of index level dissemination failure will be adopted with immediate effect.

There is no system interface change in OMD-C and MMDH and is therefore functionally transparent to Clients and ISVs. As per the current behaviour, the Security Status (21) message will be disseminated in OMD-C and MMDH whenever a security state changes.

For the details of the new trading arrangement for structured products, please refer to the enclosed Exchange Circular.
