1) Launch of Dissemination of HKEX Indices in HKEX Orion Market Data Platform (OMD) Index Datafeed; and

2) Arrangement of Multicast Channels after Discontinuation of S&P Indices

Launch of Dissemination of HKEX Indices in OMD Index Datafeed

With reference to our client notice issued on 21 August 2026 (Our Ref: [MDD/26/416_C](#)), following the successful completion of Practice Session on 19 September 2026, please be informed that the HKEX Indices will be disseminated via OMD Index datafeed starting from **2 November 2026 (Monday)**.

The HKEX Indices will be disseminated in the new real-time and refresh multicast channels (Channels 40 and 540). The implementation schedule for the aforementioned indices is set out as follows:

Date	Activity	Arrangement
31 October 2026 (Saturday)	Post Release Test ("PRT")	<u>Optional</u> Clients, who would like to participate in the PRT and test the connectivity to the new multicast channels, can refer to the enclosed PRT Rundown and connect to OMD Index datafeed. Submission of test participation form for PRT is not required.
2 November 2026 (Monday)	Production Dissemination	The new HKEX Indices will be available in the production.

Arrangement of Multicast Channels after Discontinuation of S&P Indices

With reference to our client notice issued on 21 August 2026 (Our Ref: [MDD/26/416 C](#)), the dissemination of two S&P Indices through OMD Index datafeed will be discontinued after market close on **30 October 2026 (Friday)**.

To maintain flexibility for S&P indices dissemination through the OMD Index datafeed, the corresponding real-time and refresh multicast channels (Channels 43 and 543) will be retained. Only heartbeat messages will be disseminated through these channels in the production environment from 2 November 2026 (Monday) until further notice. Clients may choose not to listen to these multicast channels at their own discretion.

Enclosed are the updated OMD-C Connectivity Guide (version 2.9) and OMD-D Connectivity Guide (version 1.25) for the aforementioned changes. All changes are summarised in the change history and highlighted with “|” in the left margin of the documents.

Clients and ISVs are reminded to make appropriate adjustments and arrangements where necessary for the aforementioned changes.

Last, but not least, the updated calendar of 2026 Index Arrangement in HK Holidays is updated on [HKEX website](#).

Should you have any queries, please contact us at (852) 2211 6558 or send your questions to IVSupport@hkex.com.hk.
