To: Direct Connection Data Vendors of Orion Market Data – Securities Market via Mainland Market Data Hub (Collectively “Clients”)

Launch of Enhancement on the Index Datafeed in Mainland Market Data Hub (MMDH)

With reference to our client notices issued on 18 May 2026 (Our Ref: [MDD/26/223_C](#)) and 14 August 2026 ([MDD/26/461_C](#)), following the successful completion of Market Rehearsals on 19 September 2026 and 10 October 2026, the enhancement on the Index Datafeed in MMDH will be launched on **2 November 2026 (Monday)**.

Date	Event	Client Action
31 October 2026 (Saturday)	Post Release Test (PRT)	<u>Mandatory</u>
2 November 2026 (Monday)	Production Launch	Applicable
2 November 2026 (Monday) – 13 November 2026 (Friday)	Stabilization Period	Applicable

To confirm the participation in the PRT, please complete the [Online Test Participation Form](#) **on or before 21 October 2026 (Wednesday)**. The test rundown of PRT will be provided to the participating clients by 26 October 2026 (Monday).

Following the completion of all verification checks, confirmation of the successful completion of the PRT will be emailed to all Clients’ registered primary contacts, technical contacts and PRT participation contacts **before 15:00 on 31 October 2026 (Saturday)**. In the event of an unexpected incident during the PRT that may impact the launch, Clients will be notified by email and, where necessary, requested to execute the system fallback procedures.

After the launch, there will be a two-week stabilization period (from 2 November 2026 to 13 November 2026). In the event of a critical incident disrupting normal market operations, MMDH may be rolled back to the version before the PRT (i.e. the system version as of 30 October 2026, before the rollout). Clients’ registered primary, technical and emergency contacts will be informed by email on the rollback arrangement.

As a reminder, Clients must have their fallback procedure in place if needed, and ascertain their capability of handling the aforementioned failover and fallback situation that could arise during the stabilization period.

Last, but not least, Clients are reminded to refer to the new network Configuration Information Sheet (CIS) previously provided to each individual client on 11 June 2026 and make all necessary changes on their network and applications before participating in the mandatory PRT.

Should you have any queries, please contact us at (852) 2211 6558 or send your questions to IVSupport@hkex.com.hk.
